Dear 8(e) Coordinator:

Re: Notice of State of Ohio, *ex rel.* Michael Dewine Attorney General of Ohio, Records

To Whom it May Concern:

This information is provided to the TSCA 8(e) Office for information in view of the Agency's continued interest in perfluorinated substances and as a precautionary measure.

In connection with the *State of Ohio, ex rel. Michael Dewine Attorney General of Ohio. v. E.I. DuPont De Nemours and Co., et al.*, matter presently pending in the Court of Common Pleas, Washington County, Ohio (Case No. 180T32), the State of Ohio produced data from field sampling efforts undertaken by Abt Associates on behalf of the State of Ohio and related documentation. The documents include data on PFAS compound sampling of shallow soils, surface water, soil cores, groundwater, drinking water and biota in Ohio near or within 40 miles of the Washington Works facility in Parkersburg, West Virginia.¹

Through the above-referenced matter, the Chemours Company FC, LLC ("Chemours") has received the information and documents produced by the State of Ohio. Chemours cannot verify the accuracy of the analytical results nor attest to the appropriateness of the methods used to gather and evaluate the samples.

I hereby certify to the best of my knowledge and belief that all information entered on this form is complete and accurate.

I further certify that, pursuant to 15 U.S.C. § 2613(c), for all claims for confidentiality made with this submission, all information submitted to substantiate such claims is true and correct, and that it is true and correct that

- (i) My company has taken reasonable measures to protect the confidentiality of the information;
- (ii) I have determined that the information is not required to be disclosed or otherwise made available to the public under any other Federal law;
- (iii) I have a reasonable basis to conclude that disclosure of the information is likely to cause substantial harm to the competitive position of my company; and

¹ Included herewith are the following two final reports: Ohio Per- and Polyfluoroalkyl Substances, 2018 Sampling Report, (appendices not included) and Ohio Per- and Polyfluoroalkyl Substances, 2019 Sampling Report (with Appendix A). Original materials (including appendices) are available from the State or available from Chemours upon request.

- (iv) I have a reasonable basis to believe that the information is not readily discoverable through reverse engineering.

Any knowing and willful misrepresentation is subject to criminal penalty pursuant to 18 U.S.C. § 1001.

Please contact me if you have any questions about this submission or need further clarification.

Sincerely,

Dawn S. Clark, Ph.D.
